INSTRUCTIONS FOR RESIDENTIAL IMPROVEMENT REBATE APPLICATION

Applicant Information - Required

Note: We cannot process a Residential Improvement Rebate without this information.

The applicant information/address provided is the name and address that the refund check will be sent to. Incomplete/incorrect addresses will result in lost/returned refund checks.

In order for a rebate to be processed, it is also required to provide copies of the validated applicant copy of the application form and issued permits. The plan review, permit, or activity numbers may be found on the copies of the project submittal form, permits, or applications (as applicable).

The certification of criteria section must be completed for verification of eligibility.

A signature is *required from the Applicant* - unsigned rebate applications cannot be processed. If the Applicant is not the Property Owner, a signature is *also required* from the Property Owner.

Rebate Scope & Eligibility

Requests for rebate of fees may be submitted for:

- Plan Check
- Building, Mechanical, Electrical, and Plumbing Permits

Eligibility:

- Home must be 20+ years old
- Permits for improvement must have been issued after June 30, 2007
- Improvements must have been completed and received a final inspection within one year of permit issuance
- Improvement cannot be for bedroom addition on rental properties

Fees Not Eligible for Rebate:

- Investigation fees
- Permits issued for illegal construction
- Renewal fees
- Other permit types (i.e. Engineering, Fire, Water & Sewer)

Rebate Processing

Rebate processing time will vary, but may take up to 4-6 weeks to process from date the application is received.

Blank rebate application forms may be downloaded from our website.

Please contact Community Development at (480) 350-8341, Option 1, with questions about completion of this form or processing of your rebate request.
